Good afternoon Mr Saint

Confirming our conversation regarding the above tests.

As mentioned, the above tests and the MRI are now on the same day as detailed below:

MRI - Radiology - 4 June - 14.30 - 1 hr
Neuro tests - 4 June - 16.30 - 1 ½ hrs

The neuro tests will be conducted by the neurological technician Sergio Cerqueira and the report will be sent to Dr Malik.

When you contact your insurance company please advise them that Dr Malik has requested the following tests and that they will not receive an invoice from Sergio, just from the hospital:

VEP - Visual Evoked Potential

SSEP - Somato Sensory Evoked Potential - upper and lower limbs

Please do not hesitate to contact me if you have any questions.

Regards

Diana
